Japan's southernmost prefecture, Okinawa is a chain of islands with its own history as an independent kingdom and a distinctly subtropical climate, as well as the birthplace of karate. Explore the ruins and restored castles of the Ryukyu kings, and visit magnificent beaches and coastlines with an amazing array of coral and undersea life. Come for whale watching and dragon boat races, rare flora and fauna, and an island mindset that makes you forget the clock and just follow the sun.
